# COVID-19 UPDATES AND RESOURCE

Partnering to combat COVID-19 together

May 12, 2020

This weekly update has been created to help CHWC members and partners share with one another new information and resources about COVID-19. As each week brings a new set of challenges as well as discoveries, we believe, more than ever, in the value of partnership and collaboration.

*\* Please continue to send your updates to Bonnie Kang ([kangbo1012@gmail.com](mailto:kangbo1012@gmail.com)).*

## WEBINARS AND VIDEOS

- **ANNE & ROBERT H. LURIE CHILDREN'S HOSPITAL EVALUATION CORE WORKSHOPS**  
Lurie's Evaluation Core workshops focus on evaluation processes and components. The workshops are open to Lurie employees and the community.  
  
The upcoming workshop titled, "The Ins and Outs of Participant Engagement, " will focus on participant recruitment, consent, retention, and the IRB (Institutional Review Board) process in evaluation.
  - When: Wednesday, June 10th, 9:30 - 11:30 am
  - Where: in the process of developing a virtual plan for this workshop, RSVP at [evaluationcore@luriechildrens.org](mailto:evaluationcore@luriechildrens.org), a Zoom link will soon follow.
- **COVID-19 Mini Webinars:** the Mullan Institute has released the next [video](#) in its prerecorded mini-webinar series.
  - [An Opportunity to Build the Public Health Workforce](#): moderated by George Washington University's Dean Lynn Goldman, the webinar provides an overview of public health workforce spending and needed investments;

## COMMUNITY RESOURCES

- **UPKEY'S VIRTUAL INTERNSHIP PROGRAM**  
In partnership with leading companies and universities around the country, Upkey is offering a Virtual Internship Program (VIP) focused on Global Leadership and Entrepreneurship for 1000 students. VIP will take place over 8 weeks starting 6/1/20. Selected participants will receive \$1,000 in tuition assistance, along with real life skills and a professional network opportunities.  
**Application Deadline: May 8, 2020. ([Apply](#))**
- **ONE SUMMER CHICAGO**  
Since 2003, Lurie Children's has partnered with the Mayor's office to provide summer internships to eligible CPS students. This summer, Lurie will continue to offer this program virtually. The program will run from July through August and host 30 students. For more information, contact Selina Kowalski ([skowalski@luriechildrens.org](mailto:skowalski@luriechildrens.org)).
- **GENETIC COUNSELING INFORMATIONAL WORKSHOP**  
The Illinois Society of Genetic Professionals will host an informational workshop on August 7, 2020, 9AM-1PM, for students interested in learning more about careers in genetic counseling. To learn more about this

observations from the field, providing an in-depth look at on-the-ground public health work in Washington, DC; and past experiences from the HIV/AIDS epidemic that inform the pandemic response.

- [Data Tool to Calculate Contact Tracer Workforce Need](#): moderated by Dr. Leana Wen, the webinar focuses on the essential contact tracing workforce and the Mullan Institute's Contact Tracing Workforce Estimator tool. The tool aims to bring greater awareness of contact tracing to communities and help county, state, and national planning efforts for safe re-opening. The webinar discusses realistic measures of staff volume and workload, and considerations for planning and expanding staffing resources, including the importance of considering local level individual and community needs.

- [RUSH UNIVERSITY COVID-19 EDUCATIONAL VIDEOS \(EN ESPAÑOL\)](#)

- [Aprender](#) Sobre COVID-19 (Learn about COVID-19)
- Reduciendo la Propagacion del Coronavirus (Reducing the Spread of Coronovirus)
